Personal Diary of Eat from Behind Prison Bars

Posted on June 18, 2012 by NEGASI

Comrade Reyhard Rumbayan (Eat), a member of Long Live Luciano Tortuga Cell – FAI Section Indonesia sends personal notes from behind the prison bars to become the property of all those who long for freedom themselves.

These records are collected and published in a blog titled **Ultra Egoist** at the address: http://ultraegoist.wordpress.com/

Please read and show your solidarity to Eat -and other bravehearts- who is in the hands of the state!
